

## Responsive Classroom Level One Training (RCI)

You'll learn about five of the fundamental practices of the Responsive Classroom approach:

- Morning Meeting,
- Rule Creation,
- Interactive
- Modeling,
- Positive Teacher Language, and
- Logical Consequences

During this training, participants also have opportunities to enhance their knowledge of child development in relation to these practices and to consider ways to introduce Responsive Classroom practices during the first six weeks of school to establish a positive classroom community and climate for learning.
